Dear Colleague,

I would like to invite you to a free web workshop on 'Modeling MEMS Devices with COMSOL Multiphysics®. The live online presentation will be held this Thursday, 23 August 2018 from 3:00 PM to 4:00 PM IST.

During this session, we will discuss:

- Multiphysics simulation techniques for accurately combining the relevant effects to design high-performance and reliable MEMS devices
- Coupling electrostatics and solid mechanics to compute the outputs of electrostatic actuators and capacitive sensors
- Modeling piezoelectric and piezoresistive materials and devices
- Fluid-structure interaction for studying the effect of the fluid flow/pressure to structural deformation and vice versa
- Applying the COMSOL Multiphysics® simulation environment for coupling mechanical, electrical, and thermal models of smart materials

Event details & registration: <http://comsol.co.in/c/7dgz>

We encourage you to forward this invitation to your friends and colleagues

Feel free to contact me with any questions.

Best regards,
Damini Singh

Dear Dr Chaudhary,

Cambridge Scholars Publishing are inviting book proposals in Physical Sciences.

We expect to publish more than 750 scholarly monographs and edited collections this year, with sales in more than 120 countries worldwide. 2018 is on track to be our record year for titles published. Founded in 2001 in Cambridge, UK, we are now amongst the world's leading specialist academic book publishers.

Cambridge Scholars publish across the spectrum of scholarly research, in the four broad fields of Life Sciences, Health Sciences, Physical Sciences and Humanities & Social Sciences. To help guide our work, we have established more than 120 advisory boards in Physical Sciences, which you can see here, and more than 300 Advisory Boards in all. This year, we opened regional representative offices in Barcelona and Berlin, and we will soon be opening our first offices in Asia, based at the historic Zhejiang Gongshang University in Hangzhou, China.

If you or your colleagues have a scholarly book in mind, we would like to invite you to submit a proposal. You can download a proposal form here. Alternatively, contact me directly and I will be pleased to send one to you.

We put our authors first in everything we do. We are clear and transparent in our promises to our authors, and you can see here our famous Cambridge Scholars Publishing Author Promises. If you publish with us, you are guaranteed:

- A fast, fair and friendly proposal review
- Worldwide distribution via our international network of booksellers including Amazon, Blackwell, Baker & Taylor, YBP and Ingram
- Publication in handsome hardback, as well as eBook formats
- An escalating royalty payment—the more titles we sell, the higher the royalty rate, with royalties earned from the first copy sold
- Availability always, with our unique *Print on Time* global distribution system

In addition, we will never charge for publication.

I hope you can join our growing international author community. I look forward to hearing from you.

Kind regards,

Helen Edwards
