We hope you choose San José State and wish you a rewarding and enjoyable graduate experience.

Tricia R. Ryan, Director  
Graduate Admissions & Program Evaluations

## **Department Instructions**

If you need additional information regarding program requirements, we recommend you contact your department office.

**You have been admitted for Fall 2019 enrollment in the MS-ISE Program, as a conditionally classified graduate student and with the following requirements in addition to the general 30-unit course requirement of an MS-ISE degree:**

**Complete and pass ISE 201 (Engineering Probability and Statistics) in Fall 2019, not for graduate credit. Complete and pass ISE 140 (Operations Planning and Control) in Fall 2019, not for graduate credit. Complete and pass ISE 230 in Fall 2019, FOR graduate credit. Complete and pass ISE 167 (System Simulation) in Spring 2020, FOR graduate credit (i.e., as part of your 30-unit MS-ISE Program). The passing grade for a graduate student is C. Any violation of these requirements will result in disqualification from the MS-ISE Program, except for clearly proven documentation of extenuating circumstances. You are required to consult with the graduate advisor when any violation of these requirements becomes likely and immediately after such a violation has occurred. Any deviation from the schedule requires prior approval by the graduate advisor. Failure to consult with the graduate advisor after any such violation or any deviation from the schedule without prior approval by the graduate advisor will result in disqualification from the MS-ISE Program.**

**ISE 201 is a critically important course for the MS-ISE Program; an MS-ISE student is not allowed to enroll in any graduate (200-level) ISE courses (except ISE 230) requiring ISE 130 (Engineering Probability and Statistics) or ISE 201 as a prerequisite until he/she has completed ISE 201 with a grade of B or better. In Fall 2019, you must not enroll in any graduate (200-level) ISE course (except ISE 230) that requires any of ISE 130, ISE 201, ISE140 or ISE167 as a prerequisite but can enroll in any other course. (Although ISE 130, ISE 201, ISE 140 and ISE 167 have their prerequisites, you, as a graduate student, will not need to complete any of those prerequisites before taking these courses at SJSU. You do not have to complete any of these courses or their equivalents before starting your MS-ISE Program in Fall 2019. If you think that you have completed some of these requirements, please email the graduate advisor.)**

**You are conditionally classified only because you need to complete two ISE courses in order to prepare you for this new major and for the 30-unit MS-ISE Program. We sincerely hope that you will join the Program in Fall 2019 and start your preparation for a successful ISE career in the Silicon Valley or anywhere in the world of your choice.**
