# FOUNDER PRESIDENT MESSAGE

Prof. M .N. Navale

तमसो मा ज्योतिर्गमय, Lead us to the light.

Education is light. Education is the way to a larger purpose. As an educationist, almost two decades back, I looked at all that could be corrected in the educational system. Sinhgad Technical Education Society was our humble effort to bring education to more people. Education that they need. Education that they desire for. Education that is now within their reach.

It is this environment of excellence and freedom that we have built into our institutions. Every time I see a child struggling with the complexities of a syllabus, I just say, look deep, it is simple. In the twelve campuses and our 117 institutes, we have just kept one thing common, a burning ambition. We have come a long way. And what we cultivate in our students, we keep alive for ourselves. The ambition to build India into an educational leader in the world. We walk on, with faith, with commitment and with grace.

Come join us in our march towards light.

Reassuringly

**Prof. M. N. Navale**

**Founder President, Sinhgad Institutes**

# FOUNDER SECRETARY MESSAGE

Dr. (Mrs.) Sunanda Navale

## You won't be denied

We have seen an unthinkable growth in institutions all around us. We just happen to be a trend-setter. As we set the ball rolling, many joined even unawares that they were helping our mission. In a world which is seeing unprecedented changes and evolution, trends are created every day. We keep up to our commitment of being the leader.

After all what is the premise of all education? Building a person to be the best he can. Making him achieve his full potential and helping him integrate with the world around him. And while doing this, we create leaders. Look around yourself. You would have met seen or interacted with at least one of our alumnus. These young minds that come here with dreamy eyes, walk out with confidence and humility. With a passion to achieve his / her true calling.

Our pedagogy would keep adapting to the needs of the hour, but our approach of care and concern shall always be at the nucleus of our system.

Each life is a heavenly dream, we assure you, dreams are not denied, and we will walk with you, whatever it takes.

Wish all the best.

Reassuringly

**Dr. (Mrs.) Sunanda Navale**

**Founder Secretary, Sinhgad Institutes**

# VICE PRESIDENT (ADMIN) MESSAGE

Ms. Rachana M. Navale

Some tools shape our destiny.

Passion, expertise, excellence and humility are the hallmarks at Sinhgad Institutes. When you walk through our campuses, at times you would be awed by the sheer energy around you. We take every possible step to continuously outdo ourselves. With some of the best facilities that you have ever experienced in any institution, we just keep moving forward.

Learning deserves a befitting environment. Self-contained campuses, at the seat of nature, technology and wisdom having a silent interaction, cultures mingling without semantics, life essaying the king's course. All that you experience when you are here, with us.

We reserve some special favours for the women in our campus. Safety, dignity and opportunity. It deserves a special mention as many educational institutes today do not value this simple basic. Our society grows as far as our leading ladies.

Education is the light, education is the way. It is the tool that alters the path of our lives. At Sinhgad, we hand you this tool with all the accessories. Learning here is not just fun, it is a life-changing experience.

Remember, few choose to walk the road to greatness.

Wish all the best.

Sincerely

**Ms. Rachana M Navale**

**V.P. Admin, Sinhgad Institutes**

# Vice President (HR) Message

Mr. Rohit M. Navale

**A young mind knows no barrier.**

The power of India lies in the power of youth. We are a nation of young Turks. A young population which is breaking the bounds set by the previous generation. Almost kids who are starting companies which have enviable equity. If we sit back and think how it has become so real, the answer is, we live in a knowledge society.

Creating an environment that is pro-youth and is potent with freedom, we are helping build the next generation of leaders. If you come to our tech-fest, or Karandak, or are an audience to any of the thousands of activities at our campuses, you would see a young vibrant India forming in the ranks.

I urge you all to experience the magic of youth at Sinhgad. Walk with us for we are forever young, age does not impede our learning. We keep our cups empty for the potion of knowledge to be filled again and again.

All barriers shall fall away when the brightness of youth comes to work!

Wish all the best to.

Resourcefully yours

**Mr. Rohit M. Navale**

**V.P. HR, Sinhgad Institutes**

# PRINCIPAL MESSAGE

DR. M. S. Gaikwad

Our Institute is dedicated to meet the students' aspirations for excellence in Technical education and rest assured it is the ultimate destination to groom your talents in the field. It has 200 acres of well-planned and superbly maintained campus area in a natural environment. Welfare amenities like Canteen, Sports complex, Hospital etc have been provided to make campus-life smooth, comfortable and enjoyable.

As a residential campus, we offer courses (in addition to the curriculum) like Skill-development, Lab Innovations studies and other value-adding programs as per the industry standards & requirements. The Training & Placement Officer prepares individuals to face Job Interviews. Our Corporate Training Centre provides an opportunity for the student to interact with the industry. Scholars are encouraged to participate and broaden their personality.

We aim to develop SIT as a national benchmark in engineering education with the use of ICT, Project Based Learning and collaborations with reputed International Universities.

Our desire is to mold students into professionals with Integrity & Commitment to their goals and concern for the Society.

Welcome All - To our ELITE campus and wish all the best.

**Dr. M. S. Gaikwad**

# HOD MESSAGE

Dr. D.D.Chaudhary

The Department of E&Tc Engineering established in the year 2004 with an intake of 60 students, presently the intake is 120. Department is accredited by NBA and NAAC. The department now has a total of 25 faculty members with five Ph.D. and nine pursuing Ph.D. are on the verge of completing their doctorates. Our students are very innovative and ever eager to learn new concepts. In addition to Toppers in SPPU, our greatest strength is the good placements of our students.

A few highlights about the department include industry-institute interactions along with MOU's signed, sponsored universities research projects, value addition programs, faculty interaction with the outside world and life skill activities. Apart from teaching, faculty members are deeply engaged in research work and scientific collaboration in national and international projects. Department has been granted more than Rs. 30 lakhs from International /National University and Industries. The core values of the department help the students to develop their overall personality and make them worthy technocrat to compete and work at global level. Department has been conducting hands on workshop/seminar / conferences under different clubs like IEEE, IE, IETE,ISTE eSITizen, IITB spoken tutorial since its beginning to keep the faculty and students to enhance the knowledge in their domain. We also have NPTEL and Virtual Lab Nodal centre. Recently we started Career Counselling Centre to guide the students in all field of life. Incorporate excellent teaching learning practices to create a centre of excellence that strives research creativity, product development with project based learning (PBL) and learning beyond wall ,which is recognized by National and International level.

Wish all the best.

## IEEE STUDENT CHAPTER

### Outcome:

- To encourage entrepreneurship in the young and developing minds.
- By involving in Entrepreneurial Development Cell activities, students will Get encouraged to develop entrepreneurial qualities
- To promote innovation and inspiring path-breaking ideas
- Demonstrate the ability to recognize a business opportunity that fits the individual student
- To promote development of skills and competence required to become an entrepreneur
- Demonstrate the ability to provide a self-analysis in the context of an entrepreneurial career
- To provide opportunities to learn and excel
- Students growth
- To provide guidance and information to set up new business
- ability to recognize a business opportunity that fits the individual student
- To provide the networking platform consisting of mentors and venture capitalists.
- Create an appropriate business model

### REPORT

**Objectives:** To make participants get known with web development basics and compete in Hackathon

**Date and Time:**

Workshop:

Day 1 to Day 4:

28th October to 31st October 2021

Time: 16:00 IST – 18:00 IST

Hackathon:

Day 5 & Day 6:

Start Time: 31st October- 18:00 IST

End Time: 2nd October- 18:00 IST

**Online Platform:** Microsoft Teams

**Speaker:** Mr. Hannan Satopay

**Staff Co-ordinators:** Prof. Vaishali Baste (IEEE SIT SB Branch Counsellor)

**Student Co-ordinators:** IEEE SIT SB and IEEE DBCE SB Volunteers

**Activity Type:** Technical

**Target Group:** Students across India from engineering background

#### Brief Summary about WWW – Web Winners Week:-

The IEEE SIT SB, Lonavala and IEEE DBCE SB, Goa in association with the IEEE BS SAC and IEEE BS TPAC organised “WWW- Web Winners Week” a four-day workshop on Web followed by a two-day hackathon with the aim to enhance the web page design ability of the students. The first day of the workshop commenced with the host introducing the speaker of the four-day workshop, Mr. Hannan Satopay, Full Stack Developer, Chief Technology Officer at Tech Wemy and IEEE Bombay Section TPAC Secretary. The speaker started the workshop by throwing light on the basics of web development and briefly explaining the working of figma and designing a basic layout before moving forward to create the actual website, i.e., KBC application, using Visual Studio, Html and bootstrap. On the 2nd day of the workshop Mr. Hannan Satopay continued the session by

introducing all the attendees to the Svelte framework which is used for building fast web applications. He walked through the installation of node.js and npm in order to get started with Svelte. Moreover, he showed how to write components using HTML, CSS and JavaScript. It really started to get gripping when concepts like reactivity, props, routing and stores were introduced. On day 3 of the workshop, the speaker put forward various things about Firebase and mentioned how

to add Firebase to web apps Furthermore, methods like creating query, getting data from collection, pulling data from cloud, pushing more data to leader board, updating the leader board, etc were also shown in the session. More concepts such as local deployment for Firebase checking, what you get from Firebase interfacing, cloud functions, authentication mechanism, user engagement, analytics firebase database were also discussed. On the last day of the workshop, the facilitator explained and demonstrated the use of CSS variables for styling and explained how to convert a website into a mobile application. In the end using all of the series of programs created over the 4-day workshop the facilitator designed a user interactive quiz website.

The following were the themes for the 2-day hackathon: Healthcare, Environment, Productivity, Education, Social, Leisure, Agriculture and Open Theme.

The winners of the hackathon were: 1st Place- Madhuri Ramakrishnan, 2nd Place- Govind Pramod Majage, 3rd Place- Suyog Kokaje and Garima Rathi (team)

### Funding Utilization Breakdown:

Instagram Advertising: Rs. 1000/-

Cash Prizes: Rs. 6000/-

1st Place: Rs. 2500/-

2nd Place: Rs. 2000/-

3rd Place: 1500/-

Total= Rs. 7000/-

### Outcomes of organized activity:

Apart from gaining a new skill and knowledge, the event gave the participants an opportunity to interact with an industry expert and others by getting their doubts solved. It also allowed them to collaborate with others since an option of participating in teams of 2 was provided for the hackathon, which in turn gave a boost to their competitive skills. Since web development is a desirable skill for future employers, it gave the participants good exposure to the domain and industrial standards. By participating in the hackathon in which they developed a working website, the participants not only got a mini project in hand but could also learn a skill which can be nurtured.

### Challenges faced during the course of activity planning to execution:

Since both the SBs were from different states, one of the major challenges faced was varying schedules. Meetings had to be held in such a way that all members of the organizing team could be present keeping in mind university exams, mode of attending classes, etc. Initially, it took some time for the team members to get to know each other. However, this was resolved by conducting frequent meetings and getting to know each other. In order to avoid any language barrier, the team

members conversed with each other in English or Hindi languages only. Overall, both SBs put in equal effort to conduct the event smoothly.

### **TITLE: FE and DSE INDUCTION**

**Objectives:** FE and DSE Student's Induction Program Sem-1 AY 2021-22

**Date:** 24th December 2021

**Day:** Friday

**Venue:** Microsoft Teams (Online Platform)

**Time:** 09.30 pm – 05.00 pm

**Staff Co-ordinators:** Prof. Vaishali Baste (IEEE SIT SB Branch Counsellor)

**Student Co-ordinators:** IEEE SIT SB Executive Committee

**Induction Program Conducted Under:** Student Branch of IEEE SIT, Lonavala

**Activity Type:** Interactive Session

**Target Group:** FE and DSE students of SIT, Lonavala

#### **Brief Summary about Induction Program:-**

During this program various events were organized by IEEE SIT SB in order to make the new students aware of the IEEE and also to entertain them. With these events like online quiz, interactive activities were organized virtually for the students. First of all the guests motivated the students with their speeches and after that with the flow of the fun activities, speech of Chairperson of SIT SB and Vaishali Baste mam the program was concluded on the vote of thanks.

#### Brief Summary about Quizards Quiz Competition:-

IEEE Student Branch, SIT, Lonavala organized a quiz competition Quizards was arranged to provide our students the knowledge. It was organized. Total number of entries was 115. The actual competition started at 11 am. Our chief guest, Prof. S.SPATIL, shared her inspirational life journey, guided the participants well, and solved doubts of the participants regarding the topics included. After the motivational speech, Saraswati puja took place. The competition was divided into 3 rounds wherein Round 1 was 20 minutes where participants had to solve 30 MCQs. Round 2 was a buzzer round where pictorial questions were asked. Round 3 was also Buzzer round in which 1 group got 1<sup>st</sup> position and we got 2 runner-ups. Participants were very attentive during the quiz. The result was announced just after the 3<sup>rd</sup> round. The competition was completed successfully.

<b>Program Outcome:</b>	To inculcate research environment for enhancement of Academia – Industry collaboration.

## Brief Summary about Activity:

The Department of E&TC, and ISTE-Chapter, SIT, Lonavala, in association with LDRA Technology Private Limited, has organized a webinar on, “The Emerging Opportunities in Automotive and Industrial Systems Domain”, with the objective to bridge the gap between Industry and Academia. It was on WebEx platform with 66 registrations of faculties from different engineering institutes in India and also Industry persons.

The Webinar started with opening remarks by Ms. V.G. Rajeshwarkar, Coordinator, ISTE Chapter, SIT, Lonavala, followed by addressing speech by Dr. M.S.Gaikwad, Principal & Campus Director, Sinhgad Institutes, Lonavala and Dr. D. D. Chaudhary, Vice-Principal & HoD, E&TC Dept., Sinhgad Institute of Technology, Lonavala.

Mr. G. Venkatraj, Associate Vice President Sales, LDRA Technology and Mr. Shreyansh Shukla, Technical Consultant, LDRA India, conducted sessions in the webinar and Mr. Shinto Joseph, Director South East Asia Operations, LDRA India, accompanied them during Q&A session.

Agenda of webinar:

- Key Technology Trends in Automotive and Industrial Systems.
- Software related work in companies.
- Industry expectations from engineering students.
- Brief overview of software safety and Security Standards.
  - Programming standards: CERT, MISRA
  - Vulnerability Dictionary: CWE, NVD
  - Safety standards: ISO 26262 (Automotive), IEC 61508 (Industrial)
  - Security Standards: ISO 21434 (Automotive), IEC 62443 (Industrial)
- LDRA Academic Alliance Program.
- Recommendations for Academia.

The session ended with a Question & Answers session and vote of thanks by Dr. S. B. Gholap, Associate Professor, E&TC Dept. & Coordinator for the Webinar.

Honor Courses and their importance, offered by Savitribai Phule Pune University with regular curriculum of four-year engineering degree program such as Electronics & Telecommunication Engineering, Computer Engineering, Information Technology, Electrical Engineering and Mechanical Engineering etc.

Honors courses generally refer to exclusive, higher-level classes that proceed at a faster pace and cover more material than regular classes. Honors classes are very useful for students who excel in certain subjects. Passing an honors course is an excellent way for engineering students to demonstrate their academic competency and discipline in this competitive world to grab the placement opportunities.

## **Guest Lecture (Invited Talk) Activity**

### **OUTCOME:**

- Guest speakers expose students to real-world life experiences from the position of someone who has been there. Students get to see the insight and perspective of the guest speaker's particular field.
- One important benefit that is derived from having a guest speaker is the enhancement of the students' educational experience. They essentially get a glimpse into the everyday life of the speaker, which they can't get anywhere else. Another added benefit is the link that students get to make between what they learn in their textbooks and what they learn from the guest speaker. It helps students build important connections between what they are learning and the real world.
- Inviting guest speaker is a not only a wonderful way for students to learn about a specific topic, but it also introduces them to other professions and career opportunities.

<b>Event Conducted Under:</b>	Department of E&TC
<b>Activity Type:</b>	Project Presentation
<b>Target Group:</b>	BE students

### **Brief Summary about Activity:**

Presentation was given by all the groups in front of respective staff members (as internal and external examiner). Thirty staff members helped to run this activity successfully.

Results of the activity:

Presentation was strictly evaluated by faculty members with critical Comments and suggestions were given to students. Through this activity students came to know the level of their preparation, what new they suppose to do in their project. Students got the idea how to prepare for their final examination. Most of the groups completed their 60% project work.

### Brief Summary about Activity:

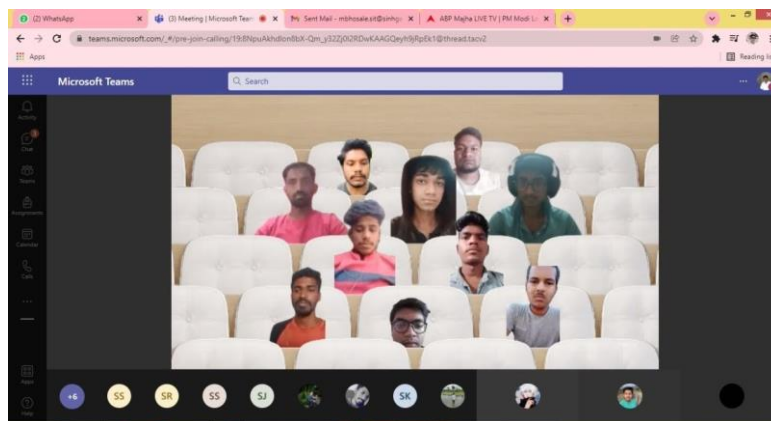

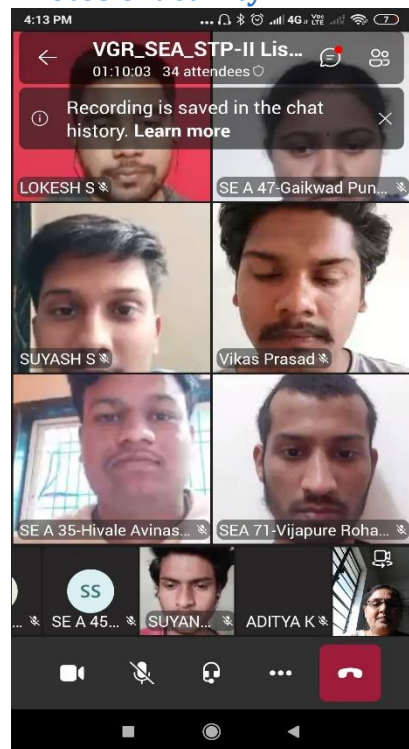

This activity was the part of Student training program. It is introduced in second year for developer of their soft skill activities. It is divided into ten modules. All modules were designed so as to develop life skill activities. Writing skill is very important skill, in STP I modules were designed to cover resun writing, report writing, letter and application writing. In their career student has to work in team so team behavior is important All modules were conducted division wise by faculty members
