ACADEMIC YEAR 2023-24

Vision and Mission of Institute

VISION

उत्तमपुरुषान् उत्तमाभियंतृन् निर्मातुं कटीबध्दाः वयम्।

We are committed to produce not only good engineers but good human beings, also.

MISSION

Holistic development of students and teachers is what we believe in and work for. We strive to achieve this by imbibing a unique value system, transparent work culture, and excellent academic and physical environment conducive to learning, creativity, and technology transfer our mandate is to generate, preserve and share knowledge for developing a vibrant society.

VISION AND MISSION OF DEPARTMENT

VISION

We strive to produce globally competent computer professionals enriched with innovative skills and good moral values with societal concerns.

MISSION

M1: To provide broad-based education and contemporary knowledge by adopting modern teaching-learning methods.

M2: To inculcate a spirit of innovation in students through industrial interactions.

M3: To develop individual's potential to its fullest extent so that they can emerge as gifted leaders in their fields

PROGRAM EDUCATIONAL OBJECTIVES:

PEO 1: To prepare globally competent graduates having strong fundamentals and domain knowledge to provide effective solutions for engineering problems.

PEO 2: To prepare the graduates to work as committed professionals with strong professional ethics and values, a sense of responsibility, understanding of legal, safety, health, societal, cultural, and environmental issues

PEO3: To prepare committed and motivated graduates with a research attitude, lifelong learning, investigative approach, and multidisciplinary thinking.

PEO 4: To prepare the graduates with strong managerial and communication skills to work effectively as individuals as well as in teams.

Dear Sir,

With reference to the letter received from Savitribai Phule Pune University Ref. No.:PGS/3404 Dated:4/08/2023 regarding list of selected PhD students for PhD admissions at AISSMS COE research centre, PhD students' research topic/Title finalization presentations are scheduled at AISSMS College of Engineering, research centre, Pune on 13th Sept 2023.

As you have been associated with the field of Computer Engineering for a long time and made immense contributions in various research areas of Computer Engineering, you are invited as **Subject Expert** for PhD presentation for finalization of research topic/title of PhD students.

The schedule of Presentation is as follows,

Day and Date- Wednesday, 13th Sept 2023 Time: 9.00 am onwards.

Venue-Department of Computer Engineering, AISSMS College of Engineering, Pune.
You are requested to convey your presence for the same.

Thanking you,

Word Sense Disambiguation: Adaptive Word Embedding with Adaptive-Lexical Resource

Chandrakant D. Kokane, Sachin D. Babar, Parikshit N. Mahalle, and Shivprasad P. Patil

Abstract Word sense disambiguation (WSD) is a subdomain of natural language processing (NLP). WSD mainly deals with identifying the correct sense of ambiguous words. The discussed disambiguation model is tested for homonymous and polysemous words, and the same is tested with SemCor, OMSTI, and the newly generated Adaptive-Lex dataset. The Adaptive-Lex dataset is generated by considering the scope of SemCor and OMSTI. The discussed dataset is constructed by considering the dynamic features of ambiguous words. The main objective of this dataset is to represent ambiguous words with dynamic features. While dealing with ambiguous words, disambiguation is expected by considering available context information. The word vectors are constructed dynamically, and the dataset is also created by considering the countable features of ambiguous words. If the word vector is prepared concerning context information, it generates more fine results for WSD.

ABSTRACT

The popularity of the Internet of Things (IoT) has increased due to the development of faster internet networks and more advanced digital devices (Smarter Hardware), such as sensors integrated into a microcontroller. Currently, sensors and other digital devices used in diverse geographical sectors, such as agriculture, hospitals, smart homes, and smart cities, generate and share vast quantities of data. These IoT data must be collected and mined using AI for knowledge management (AI). Collaboration between AI and IoT results in intelligence system automation. This continuum will influence all emerging industries, including healthcare, transportation, manufacturing, and retail. IoT devices generate vast quantities of data, and AI will aid in more intelligent data planning for various IoT applications. In the software engineering and technical research processes, AI techniques are utilized for automatic problem solving and problem identification.

INTRODUCTION

Artificial intelligence (AI) and the IoTs are tying physical items and devices together because they encourage physical objects and devices to see, hear, and think. Through the exchange of information, physical objects/devices are able to "speak" to one another and convey their decisions to one another. Products that were previously unintelligent are becoming intelligent thanks to technologies such as the IoTs, which connect previously unintelligent objects to the internet by using a variety of embedded devices, communication protocols, sensor networks, internet protocols, and applications to connect them to the internet (Alam et al., 2018). Before learning about AI, you must have the basic knowledge of computer programming language such as C, C++, Java, Python, etc. along with this knowledge of essential

4.1 Title: 4 Days' Workshop on Amazon Web services.

Date: 16/10/2023 To 19/10/2023

Day: Monday to Thursday

Venue: F122 Computer Department, SIT-Lonavala

Time: 10:00 AM to 05:00PM

Staff Co-coordinator: Prof. K. S. Mulani.

Event Conducted Under: Association of Computer Engineering Students (ACES) Activity Type: Workshop

Target Group: Students from SE/BE Computer

No. of participants 105

Brief Summary about Activity:

Department of Computer Engineering & ACES organized a 4 Days' workshop on "Amazon Web Services" on 16th October, 2023 to 19th October 2023. Resource person for this program was Ms. Yaraswi Surabhi Cloud Engineer. Brainovision Pvt. Ltd, D. Obul (Jr. Cloud Engineer), Sk Nagoor (Full stack Developer), T. Dileep venkata Shiva (Jr. cloud Engineer), M. Rupesh (Jr. cloud Engineer). This workshop is organized by Department of Computer Engineering, SIT Lonavala in association with Ministry of Education, GOI, AICTE, Brainovision Pvt. Ltd. And Association of Computer

engineering Students (ACES). On this occasion Ms. Ysaswi Surabhi had given brief information to the students about AWS and how it is beneficial for all students. At this moment Principal & Campus Director Dr. M.S. Gaikwad, Vice-Principal Dr. D. D. Chaudhary & Vice-Principal & HoD Computer Dr. S. D. Babar guided students with their valuable speech.

Event Description:

In art, man reveals himself and not his objects.” -Rabindranath Tagore

The STES Campus Level Art Festival (Painting Competition) Event coordinator Prof.S. B. Nimbekar and ACES President Deep Aidasani, formally welcomed all the dignitaries on the dais, and students from the various parts of the institute. Welcome followed by Sarasvati Pooja and welcoming the guest of Honor. Dr.S.D.Babar (Head of the Comp Department) introduced and Guest, Mrs Sharayu Karankoti threw light on the Art Festival. All the participants prepared zealously to excel in their respective events. They expressed their creativity and unbridled imagination through the palette of colours. They were very energetic and their painting were remarkable. It was a proud moment for students, as they bagged prizes in all four events in different levels out of all, they participated in. The event was very well organised from the host ACES, everything was systematically planned and executed, and the main motto behind this Cultural Fest was to bring in a sense of freshness and bind us together to enjoy all the events in celebration of Art and Culture. The competition was an enriching experience for all the participants. Thanks to Principal, for giving us this opportunity and hearty congratulations to all Prize winners and Good luck to the participants. May all the success that has come their way lead them to bigger achievements in the years to come.
